Thanks, Maryann. Curious to know. Did you provide part (b) - reports requiring "in our judgment" special attention, including copies of those reports? Can you make sure I get a copy of the lists?

**Subject:** GAO and OIG reports

Louise,

Would it be possible for the appropriate people at EPA to send us lists of all GAO and OIG reports that discuss or assess EPA programs, dating from January 1, 2007? We'd like a) complete lists of all such GAO and OIG reports and b) a designation of those reports that, in your judgment, may be worth special attention from the agency's incoming senior leadership. If possible, please also send copies of the "special attention" reports.

If we could get these lists by Monday of next week, we would be appreciative.

Thank you for your assistance with this request.

Best,

Bob

Hi Louise,

I appreciate the consideration. Ideally, I'd like to have Juan Reyes (he is the sr. career official on Homeland Security right?) at the briefing with Tom as well. Is that reasonable/possible?

Also, I may not be available to attend the exercise on Jan 13 due to confirmation hearing scheduling. If so, may I send a surrogate?

Lisa

The topic of briefing Lisa on her homeland security responsibilities came up this morning in a meeting with Marcus. Marcus and Tom believe that Lisa should get a briefing from Tom Dunne some time before being sworn in. This 30 to 45-minute briefing does not have to take place before the confirmation hearing, but would need to take place before Lisa is sworn in.

Also, there is an exercise scheduled for January 13 in which the current cabinet members and the nominees are expected to participate. But that will not be specific concerning EPA responsibilities.

As I mentioned before, it would be a good idea to give Lisa Jackson a short briefing on her role and EPA's responsibilities when a significant emergency occurs. I've have both OHS and OEM working on a short power point presentation that would provide Lisa the necessary background information. A meeting could go any where from 30-45 minutes, if she can find the time. See if her transition team would find this acceptable.

I think we can use it as long as we give proper fcredit right?

Lisa
